

Environmental Policy	Doc Ref: ISC-7777	
	Sheet: Page 1 of 3	

Lunar Ltd. recognises that its activities have an impact on the environment at local, regional, and global levels. We are committed to minimising this impact and promoting environmental sustainability across all aspects of our operations.

We will ensure that all our activities are conducted in accordance with relevant environmental regulations, laws, and codes of practice as a minimum, and we will strive to exceed these standards wherever possible.

We have established, implemented, and will maintain an Environmental Policy that, within the defined scope of our Environmental Management System:

- a) Is appropriate to the purpose and context of the organisation, including the nature, scale, and environmental impacts of our activities, products, and services.
- b) Provides a framework for setting and achieving environmental objectives, such as reducing energy consumption, minimising waste, and improving recycling practices.
- c) Includes a commitment to protect the environment, including preventing pollution and supporting sustainable practices relevant to our organisation.
- d) Includes a commitment to fulfil all compliance obligations.
- e) Includes a commitment to continual improvement of the Environmental Management System to enhance environmental performance.
- f) Includes a commitment to achieve and maintain certification of the Environmental Management System to the standards of ISO 14001:2015.

This Environmental Policy will be:

Maintained as documented information within the Environmental Management System.
 Communicated to employees via induction packs and noticeboards and made available to visitors.

Accessible to interested parties via the organisation’s website and other communication channels. In addition, Lunar Ltd. is committed to raising awareness among employees and stakeholders through regular training and updates, ensuring that everyone understands their role in achieving our environmental objectives.

The Environmental Policy will be reviewed annually, or more frequently if there are significant changes to our operations, legal requirements, or environmental priorities.

By this policy, Lunar Ltd. acknowledges its responsibility to protect the environment and commits to continually reducing the environmental impact of our operations through the active participation of both management and employees.

Signed:

Ian Sibbert
 Managing Director
